

**Title**

## **Test Centre of Excellence**

---

**Speaker(s)**

Ivan Ericsson / SQS, United Kingdom

---

**To whom is the presentation addressed?**

Anyone who is currently employing, managing or is planning to build a centralised testing function.

---

**Keywords**

Test Center of excellence, risks, benefits, challenges

---

**Abstract**

Many more test centers fail than succeed, so how do we build one which is more inclined to success ? An examination of the possible attributes of a test center, the reasons for wanting one, and a consideration of the risks and challenges inherent in building one. This will be an interactive workshop intended for anyone with an interesting in building a test structure which will deliver real organisational benefit.

---

**Biography**

Ivan has been in testing for 15 years, and has worked for a number of large organisations throughout europe. This has involved building, working within and working with various organisational test structures. The Head of delivery assurance for SQS he is also responsible for ensuring the quality of the testing delivered by SQS.
