As an innovative method of presenting the **Pecha Kucha** slot attracted much audience. During this competition supplier presented their solutions within an entertaining format. The audience had the chance to elect the most clever speaker.

In addition to the keynotes, track presentations, workshops and product presentations, the delegates had the opportunity to get detailed information directly from the 40 various vendors about tools and services at the exhibition during the conference.

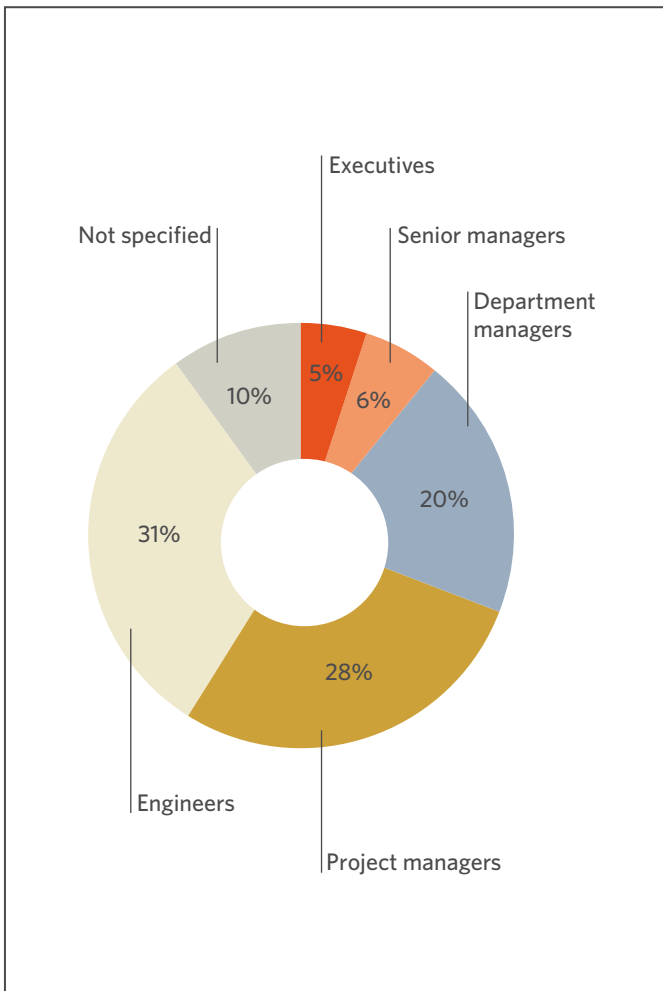

We would like to thank all the delegates, speakers, sponsors, exhibitors and the members of the programme committee, who have contributed to the success of this year's **iqnite 2010 Germany**.
